Raglan Sleeve Sweatshirt

- 1 3/4 yards of sweatshirt fleece (**must have about 10-20% stretch factor!**) **
- 1/3 yard of 54-60 inch wide ribbing, or 2/3 yard of 30 inch wide ribbing
- thread

** Finding knit sweatshirt fleece with stretch is tough. The sweatshirt from Joann's has zero stretch, and is not recommended for this camp. Pacific Fabrics occasionally has some fleece in limited colors, and I do have a limited amount of light grey sweatshirt fabric available for purchase for this camp. You will need to purchase the ribbing separately somewhere else. Another One good option is to order the color fleece + ribbing you want online from Nancy's Notions. Please allow 2 weeks for shipping – Nancy's Notions is not that fast unless you pay extra for rush shipping. You can find this fleece at http://search.nancysnotions.com/?q=sweatshirt+fabric&Search=&sp_cs=UTF-8 and the matching ribbing at http://search.nancysnotions.com/?q=cotton+ribbing&Search=&sp_cs=UTF-8
